Here is the signed version, so this went. Since this is out, seems the next step in the communication of this effort/response is to craft talking points for Dave to use during water week. We had developed a talking point during the wotus input sessions last month. I have tweaked it here based upon our discussion this AM. What are people's thoughts on it?

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

2015 EPA convened a Federal advisory sub-committee to provide EPA with recommendations on how we could clarify which waters are assumable under the 404(g) program. In June 2017, the [NACEPT] advisory committee provided its recommendations to the Administrator.

This may be the control number. Hopefully this went forward? I never got a signed version. - Kathy

Andrea the 74 page attachment was the report from the FACA.

Wanda, here are the other two addresses you will need to go forward with this letter. The Chair's address is in the letter itself, everyone else is internal EPA. -
Kathy

Hi Wanda,

Here is the response to this control. It has been reviewed and approved by
Mindy. Please take next steps for completing this action.

Thanks for the great support,
Michael

Mike

I have to give you the attachments of 74 pages the printer is having a problem trying to print I requested a 2-week extension (new due date 7/21/2017) this control was assigned to OWCD by Yvonne Smothers on 7-5-2017. For the AA-OW-Assistant Administrator-OW signature the subject is Submission of the Assumable Waters Subcommittee Final Report from the National Advisory Council to Environmental Policy and Technology, and that PD&JB should reply. Do you agree? If you think this control needs to be re-assigned, could you let me know if you have any suggestions about who would be best?

If you are the correct responder, please draft a response. Since this is for AA-OW-Assistant Administrator-OW signature, I will upload in response in CMS when you provide me the draft. If you need an extension, please let me know the reasons (a need to research data, a need to secure management approval on the response, etc.) and I will request it.

Thanks and let me know if there is anything I can do to help, or if you have any questions.

CMS control # AX-17-000-9629

CMS Due Date: 7-21-2017

OWCD Due Date: 7-18-2017

From: William G. Ross

Thanks Wanda
